for outstanding service as follows:

During the period of 16 August 1990 through 1 September 1990, your performance as a member of the Airfield Security Force was exemplary. As part of the first Marine aircraft squadron to arrive in Saudi Arabia during the early days of Operation Desert Shield, you provided vital security for 24 attack and utility helicopters and the billeting spaces for the Squadron personnel. Your continuous 24 hour presence in spite of the oppressive heat and humidity allowed the Squadron to concentrate on the task at hand and conduct a myriad of contingency flights. Your professionalism and dedication to duty are a credit to yourself and are in keeping with the highest traditions of the Marine Corps and the United States Naval Service.
